13 Highway Deaths

By United Press

Two teen-age boys were killed in Mill Creek Sunday on a bicycle when they were riding to church.

Other highway accidents in the state brought a United Press weekend traffic fatality count to at least 13.

Police said the victims, Donald Smith and Mitchell Wright, both 14-year-old Mill Creek youths, were riding double on the bicycle when it swerved into the path of an auto.

Mrs. George Kitto, 32, and her daughter, Arlene Agnes, 18 months, of Galena, were killed Sunday when their car skidded on an icy road a half-mile south of Galena and crashed into a ditch.

Mrs. Alice Sidley, 43, and her son, Gregory, 8, were killed Saturday when a train struck their car at a crossing in Elmhurst, a suburb of Chicago.

John Maraffino, 3, was killed in a two-car collision in Chicago Friday night.

Frank Sobol, 50, Chicago, was killed in Chicago Friday night by a hit-and-run driver.

Three Arrested After Wild Chase And Gunfire

MARION, Ill. (U.P.)—Authorities here today held three men arrested by state troopers after a wild chase punctuated by gunfire early Sunday.

State troopers identified the men as Kenneth G. Melton, 24, of Joliet and formerly of Eldorado, the driver, and William Roberts, 21, and his brother, Ralph, 22, both of Eldorado, who were passengers in Melton's car.

The chase began after Marion police alerted state troopers that they had a reckless driving warrant for the driver.

Troopers Carl Gardner and Walter Lowe of Marion pursued the car at speeds up to 103 miles an hour from Marion south to Carverville on Ill. 13. Melton's car spun around three times at a 10-mile-an-hour curve and stopped.

When Gardner and Lowe got out with guns drawn, they said Melton headed back to Marion. The state troopers resumed the chase and shot out the left front tire of Melton's car and sent several bullets into the trunk.

Meanwhile, state trooper Sam Garnati of Herrin had set up roadblock about two miles east of the curve. The men were arrested after Melton swerved into a farmer's driveway and his car became mired in a field.

Kiwanis Club To Meet Tonight

Members of the Harrisburg Kiwanis club will meet tonight, the second week in a row the club will hold a Monday night meeting because of holidays. The regular meeting night tomorrow is New Year's Eve and the club directors decided to hold the meeting to night. It will be held at 6 p. m. at the Masonic temple.

John Dall, 59, Trenton, was killed in Trenton Saturday in a car-truck crash.

Pvt. Gerald Cashmore, 19, of Waukegan, was killed in Waukegan Saturday when his car smashed into a tree.

The Rev. P. B. Fitzwater, 86, Evanston, former dean of the Moody Bible Institute, was killed Saturday when he stepped off a curb and was struck by a car in Evanston.

Mary Ellen Lederbrand, 14, Pawnee, was killed seven miles south of Springfield Sunday when a car in which she was a passenger was struck by a train.

Robert L. Pennington, 30, Terre Haute, Ind., was killed Sunday on Ill. 1 north of Robinson when his car smashed into a bridge abutment.

Two Service Stations Broken Into by Burglars

Two service stations just outside Harrisburg city limits were broken into Saturday night by burglars who took loot from both places.

At the Vaughn and Cullum Phillips service station between Routes 45 and 34, thieves took three new tires, a used tire and tube, four cartons of cigarettes, a box of cigars, a box of chewing gum and 285 pennies.

At Warren Tolley's Cities Service station on Route 45 northeast of Harrisburg \$24 was taken and thieves tried unsuccessfully to open a juke box and cigarette vending machine.

The burglaries were investigated by Sheriff William T. Barrett and Deputy Sheriff Everett N. Sneed.

There was a belated report that a Nash Rambler was stolen Thursday night from the Pool Pontiac car lot and that it had not yet been recovered.

Arctic Air Mass Spreads Over Upper Midwest; Snow in Michigan

By United Press

An Arctic air mass surged southward into the Midwest today, dumping one of the heaviest snowfalls in a decade on Michigan's Upper Peninsula and lighter amounts elsewhere.

Hundreds of cars were stranded and some buried Sunday by the heavy snow in Upper Michigan, but authorities reported no casualties.

The Civil Aeronautics Administration at Houghton, Mich., called the storm the heaviest snowfall in a decade. More than 18 inches of snow was reported at Houghton, 14 inches at Sault Ste. Marie and 10 inches at Grand Marais, Mich.

The snow spread southward during the night, coating the southern Lake Michigan area with 2-to-3-inch accumulations.

Colder air which had been hovering in Canada for 36 hours also began seeping southward, plunging readings to 19 below zero early today at International Falls,

Big Mail Order Firm Facing Strike Threat

WASHINGTON (U.P.)—The Montgomery Ward mail order and retail chain today faced the threat of a strike on Jan. 6 unless it comes to a contract agreement with its clerks.

The Retail Clerks International Assn. announced Sunday it will strike against "key stores" in the chain a week from today if no wage agreement is reached.

James A. Suffridge, president of the union, said in a statement the strike had resulted from five months of "fruitless negotiations" for pay increases.

The union said it planned "to close down selected Montgomery Ward stores in each of the union's seven regions on Jan. 6 with the probability that the strike will be extended to other key stores in succeeding weeks if a prompt settlement is not effectuated."

No specific stores were named. A spokesman for Montgomery Ward in Chicago said, however, that the union represents only 53 stores and some 3,500 employees. He said the chain has 565 stores and 65,000 workers.

The spokesman said Montgomery Ward management met with the clerks' union in August and offered a wage increase but not the across-the-board type the union wanted.

PRICE RECEIVES NOTICE OF ACTION

Guy Price of Harrisburg, president of District 1, Retail Clerks International association, today said he had been notified of the impending action by President James A. Suffridge of the RCIA, that 563 stores would either be struck or handbilled on Jan. 6.

Dennis Sentences Two Michigan Men to State Farm

Two suspicious characters, stopped and questioned at Carrier Mills last week by two deputy sheriffs, today were headed for terms on the Vandallia state farm.

They are Charles Darling, 20, and William Jordan, 28, of Flint, Mich., sentenced to a year each Saturday by County Judge Trafton Dennis when they pleaded guilty to charges of writing a fraudulent check.

They were stopped for questioning by Deputy Sheriffs Everett N. Sneed and Jeff Stricklin, who learned that they had cashed a bad check for \$10 at the Carrier Mills Legion. They brought the two to Harrisburg and a check of the car they were in revealed it had been taken from Darling's employer at Flint. The employer had sent Darling for some fuel oil in the auto and he got Jordan and took off.

Sneed said he was informed a charge of auto theft had been filed against Darling at Flint.

Retired River Boat Pilot Dies

Rites Held Today At Elizabethtown for Capt. U. G. Nichols

Capt. U. G. Nichols, 91, a retired river boat pilot of Elizabethtown, died at the Hardin County General Hospital in Rosiclare Saturday. He is survived by his wife, Maggie; his daughters, Mrs. Gypsy McClure and Mrs. Ethie Holzman, both of Elizabethtown; his son, Wilson Nichols, Golconda; three grandchildren and four great-grandchildren.

Capt. Nichols at one time operated river boats carrying passengers and mail between Elizabethtown and Golconda and later with his son-in-law, Capt. John L. Lowery, operated the packet steamer, John L. Lowery, between Evansville, Ind., and Paducah, Ky. He retired from the river 37 years ago and was operating a general store in Elizabethtown at the time of his death.

Funeral services were held in the Elizabethtown Methodist church at 2 p. m. today and burial was in the I.O.O.F. cemetery. Rev. Floyd Hale officiated and the body was in the care of the Barnett funeral home of Elizabethtown.

Urge Questionnaires Be Returned to Saline Valley Development Ass'n

Persons who have received questionnaires from the Saline Valley Development Association and have not filled them out and turned them in are asked to do so.

Officials pointed out that these questionnaires have an important part in the industrial development program and that all answers will be confidential.

A total of 450 questionnaires were distributed to adults through their children in Harrisburg high school and about 250 of them have been returned filled out. The other 200 are needed.

Pass Petitions for Maynard Cannon For County Clerk

Petitions of candidacy for the office of County Clerk of Saline county are being circulated in behalf of Maynard Cannon by friends of Mr. Cannon who are urging him to seek the Democratic nomination for that office.

Mr. Cannon, who will complete a four-year term as County Treasurer next December, told a Register reporter: Saturday he had learned that the petitions were being circulated, and said he had been urged to seek the nomination for the office.

He said he would be pleased to be elected to the office, but that he had not determined definitely whether he would be a candidate.

C. O. Conley, 66, Former Pope County State's Attorney, Dies

Clarence O. Conley, 66, for eight years state's attorney of Pope county during the prohibition era, died at 6:15 a. m. Saturday in the Missouri Delta Community hospital in Sikeston, Mo. He was a resident of East St. Louis and formerly lived in Golconda. The funeral was held in the Rottman funeral chapel in Golconda at 1:30 p. m. today and Rev. C. I. DeBoard of East St. Louis officiated. Burial was in the I.O.O.F. cemetery.

Mr. Conley is survived by his wife, Lydia; his son, Seigel Conley of Washington, Mo.; his daughter, Mrs. Gladys Worley of Sikeston, Mo.; his brother, Lawrence Conley, Golconda, and his sisters, Mrs. Ruby Mosky, East St. Louis, Mrs. Fay Davis, Carbondale, Mrs. Gertrude Gaskins and Mrs. Eula Romanus, both of Golconda.

Circulate Petitions for Ewell Winkleman for County Clerk Nomination

Petitions for Ewell Winkleman for the Republican nomination for county clerk were being circulated today.

Mr. Winkleman, watchmaker at the Davenport Jewelry Co., is a member of the Saline County Board of Supervisors and is the elected chairman of the Saline Valley Development association, a group of Saline and Gallatin county persons promoting industrial development in the two counties.

He is the first Republican to have petitions out for county clerk.

Fugitive Killer Ends Crime Spree in Fiery Auto Collision

Florida Man Also Killed in Crash; No Trace Second Killer

WRENS, Ga. (U.P.)—Henry Clay Overton, subject of a Southwide manhunt in connection with a double killing in Washington, died Sunday night in a high speed head-on collision while fleeing a police car.

A Florida man, who was unable to get his car out of the path of the stolen auto Overton was driving at 110 miles an hour, was killed in the collision. Officers found no trace of Wayne Carpenter, 22, listed as the man who helped Overton shoot up a Washington, D. C., bar early Friday.

Sgt. R. L. Knight and Cpl. F. R. Harley Shepherd of Harrisburg

Named to Harrisburg-Raleigh Airport Board

Harley Shepherd of Harrisburg has been appointed to the board of commissioners of the Harrisburg-Raleigh Airport Authority.

Appointment was made by County Judge Trafton Dennis to fill the unexpired term of Atty. DeWitt Twente, who resigned. The appointment was effective Dec. 10.

Other members of the board are Wilbur X. Barger, chairman; Harry Denny, Sheldon Lancaster and Guy Karnes.

Talcan of the Georgia Highway Patrol said they had chased the 1958 car Overton was driving for about a mile and a half when he apparently looked back and allowed the vehicle to swerve into the wrong lane. Overton was thrown out, along with a sawed-off shotgun and a suitcase full of shotgun shells.

The Overton car burst into flames. Charlie Wray, of Cocoa, Fla., was found dead in the back seat of his demolished car.

The FBI, which had been on the trail of Overton and Carpenter since they killed two men in a bar and commandeered a getaway car, sped agents to the wreck scene in an effort to find some indication of what became of Carpenter.

Patrolmen said it appeared doubtful Carpenter could have survived the crash if he had been with Overton. But the entire surrounding area was scoured without finding any trace of him.

Court House Offices To Close for Holiday; Sheriff's to Remain Open

Some of the offices in the Saline county court house will close at noon tomorrow for the New Year's holiday. The office of Sheriff William T. Barrett will remain open, however.

Eisenhower to Submit Program To Congress

Gov't Would Help Send 10,000 Students To College Each Year

GETTYSBURG, Pa. (U.P.)—President Eisenhower today approved for submission to Congress a plan for expanding scientific education at a federal-state cost of about \$1,800,000,000 over the next four years.

The federal government would help send 10,000 promising students to college each year. Need as well as ability would be considered in awarding the scholarships.

The plan was submitted to the President this morning by Marion B. Folsom, secretary of health, education and welfare. The chief executive approved the entire program.

It calls for federal college scholarships for high school students who have "good preparation" in the field of science and mathematics.

Eisenhower will touch on the new aid-to-education plan in his State of the Union message, then send Congress a special message detailing the program.

The goal would be to improve teaching and speed up the production of scientists and engineers to meet Russia's space-age challenge.

Seven-Point Program Assuming relatively quick and favorable congressional action, Folsom said it was possible that the first federal scholarships might be granted in time for the start of the new academic year next September.

The seven-point program would cost annually about 225 to 250 million dollars in federal funds plus nearly matching state appropriations. Over the first four years the federal government would put up about one billion dollars, the states about 800 million.

The seven points: —Grants to states on a 50-50 matching basis for aptitude tests of students between the seventh and ninth grades. The testing would be conducted by the states.

—Matching grants to states for improved counseling and guidance of young students in preparation for higher education.

—A program of about 10,000 federal college scholarships a year for four years to be allocated among the states on a population basis and granted on a basis of ability and need. Scholarships would be granted to all students

Auto-Pickup Truck Collide

An auto driven by Dennis Gooch, 30, Milwaukee, and a pickup truck driven by Ronald Trail, 18, Harrisburg, collided at 11 a. m. Sunday on Route 45 at the Muddy road and the Gooch car was damaged extensively when it left the road and hit a ditch embankment.

State Troopers George Adams and Richard Percy, who investigated, said there were no injuries. Gooch, his wife and children were en route to their home in Wisconsin.

Both vehicles were going north and the officers said the accident resulted when Trail made a left turn in front of Gooch. Trail was given a traffic ticket for failure to signal his turn, they added.

AT LEAST THEY'D BEEN WARNED—State Trooper Richard Percy of Eldorado stands beside makeshift sign warning approaching motorists that state officers were checking cars for speeding with radar equipment on the four-lane highway south of Eldorado. The sign was placed near the Eldorado Manufacturing Co. building. It was believed that an out-of-state motorist, peeved because he was given a ticket for exceeding the speed limit in a speed zone Saturday afternoon, had purchased the lumber at a lumber yard and had written the warning before departing.

Cause for Reflection

Editorial — BY BRUCE BLOSSAT

There was a time when an
agreement such as was achieved
to arm European NATO countries
with missiles and missile bases
would have been hailed a momen-
tous event. But at Paris it seemed
almost a secondary thing, put
in the shadow of the Kremlin's
latest propaganda peace move.

When even so hard-bitten and
unyielding a pro-Westerner as
Germany's Chancellor Adenauer
wants to explore the Soviet Union's
proposals for peace in spite
of a long Russian record of faith-
lessness, it is symptomatic of a
disturbing condition in the West-
ern family of nations.

No amount of fine talk about
the reaffirmation of NATO unity
is likely to gloss over that cir-
cumstance.

According to veteran observers
on the Paris scene, the condition
results from two factors:

1. America's lag in the missile-
satellite field has put even the
sturdiest NATO leaders on the
spot with their peoples. They
want to talk to the Russians par-
tially to buy time to allow us to catch
up if we can.

2. Western leaders for a con-
siderable time, but never more
than now, have had trouble at
home selling nothing but arms
race talk. They feel they have to
offer their peoples solid, positive
peace proposals hand in hand
with defensive measures.

They know the danger of con-
cessions to Russia. They don't
want to turn over their freedom
to the ruthless men of Moscow.
But they are plainly disappointed
in what they see at the lack
of American leadership for peace.

Their criticisms, shared by
some here at home, make the
point that our policy dwells too
heavily upon armament and not
enough on constructive programs
for lasting peace and the gradual
uplift of all peoples toward a
better life.

They feel we spend most of our
time reacting to other countries'
ideas instead of offering imagi-
native notions of our own.

Whether our statements feel
these judgments are merited or
not, they have had to act on them.
That is the meaning of our yield-
ing on another top-level meeting
with the Russians at a time when
our government's whole aim in
NATO was in a totally different
direction.

It is to be hoped that the hard
lesson learned at Paris has not
been lost upon our leaders.

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says:
Harlem Globetrotters Wow
Crowds: American Consul
General Gets Squeezed In
Melee; Africa Can Seem Cold-
er Than Greenland.

CASABLANCA. — When I
suggested to the Air Force that it
might be a good idea to have the
Harlem Globetrotters play be-
fore American servicemen over-
seas during the Christmas season,
I was reasonably sure the GI
crowds would be big. They were.

But when I looked at the huge
barnlike Casablanca convention
hall, in which the Globetrotters
were to play before a civilian
crowd, I wondered whether en-
ough Moroccans would be
around to fill it.

This was at 6 p. m. The game
was to start at 6:30. At 6:10 the
police opened the doors and pande-
monium broke loose. Several thou-
sand exuberant Moroccans
swarmed over the grandstands,
swamped the police, even snapped
up the players' benches. If
Franklin Roosevelt and Winston
Churchill had been staging an-
other Casablanca conference I
doubt if more people would have
jammed the arena.

I sneaked around to a place
where we had cached some extra
chairs and carried some out for
the substitute players to sit on.
I didn't have a chance. They were
snatched out of my hands. Two
chairs were finally found for
Crown Prince Moulay Hassan and
his brother, Moulay Abdullah.
Other dignitaries had to sit where
they could.

According to Dave Zinkoff,
Philadelphia sports announcer
who acted as tour secretary, it
was the most enthusiastic crowd
ever to cheer the Globetrotters.
They laughed at the Brooklynese
of Referee John Fox, applauded
the long shots of Wayne Univer-
sity's George Brown, chortled
over the antics of Harlem's Chico
Burrell, and went wild over Ben-
ny Schirtzinger, world champion

batonist, who twirled flaming ba-
tons between halves.

After the game, the rush to get
Globetrotter autographs almost
swamped the players' bus and
caused Consul General Henry
Ford and me to get slightly
roughed up in the melee. In an
area where Little Rock did more
damage than Sputnik, I hope that
North Africans now know there
can be good clean American
sports competition.

AFRICAN MERRY-GO-ROUND

You may think of Africa as hot,
but this time of year it can seem
colder than Greenland. You also
think of Africa as dry, but this
time of year as you look down
from your plane, the country
looks like a sponge-swollen riv-
ers, dotted fields, brimming
ponds . . . In Greenland last win-
ter we dressed for the cold. Also
gymnasiums, mess halls, and
barracks are well heated—almost
overheated. But in Africa it's mild
during the day, freezing at night.
Once the sun drops below the des-
ert horizon, Africa is like an ice-
box, and the big airplane hangars
where our entertainers and the
Globetrotters played to GI crowds
are like a deep-freeze. As a re-
sult, Clara Cedrone, of the star
comedy team, Cedrone and Mit-
chell, had to be hospitalized. Four
others got a mild flu . . . In con-
trast there wasn't one casualty
during two trips to Greenland.
Reason: It's so cold in the Arctic
that the germs are frozen . . .
The entertainers who have given
long hours in airplanes and put-
ting on two shows daily for Amer-
ican servicemen without remun-
eration include Mistress of Cer-
emonies Joy Hodges; Dorothy
Dennis (wife of industrialist Al-
fred Stetson); Barney Ross, one-
time world's lightweight and wel-
terweight champion; Burt Bach-
arach, composer of "Sad Sack";
Damian Mitchell, partner in Ced-
rone and Mitchell (the third
Christmas trip for them); and
Siri, the 6-foot, 3-inch glamazon
who plays the part of "Miss Mis-
guided Missile." The Hartford
models, Louise Manning, Mae
Conley, Joanne Smith, Hoya Ry-
len, Ginny Taylor, wore Tina Les-
ser creations and Peiser furs . . .

Finally, the Bolling Field Jump-
ing Jacks, Frank Dwinell, Dino
Pozzobon, Steve Johnson and Bill
Walbridge, made this their third
Christmas trip with "Pearson's
S O B Follies." Michael Sean
O'Shea, another Arctic veteran,
acted as producer-director.

GLOBETROTTER-GO-ROUND
The man who made it possible
to play the Harlem Globetrotters
before GI crowds on this Christ-
mas tour is Abe Saperstein, their
owner. He rearranged schedules
during his busiest season, dug into
his own pocket to pay all sorts of
expenses, took time to come
along on this hectic, up-early, to-
bed-late trip. The Globetrotters
have covered almost every part
of the world, played in 11 foreign
countries last year. But this was
probably their most rugged trip—
10,000 miles in 10 days—covering
all but one American base from
the Azores to Tripoli . . . Average
height of the Globetrotters is
6 feet 3 inches. Some of them
can almost trap the ball into the
net. According to Globetrotter
Capt. Chuck Holton of Milwaukee,
the shortest foreign team he has
played was in Argentina. Players
made up for diminutive stature
by speed . . . Saperstein has two
basketball farm teams — in Kan-
sas City and Chicago — keeps

four scouts on the road looking
for talent . . . Benny Schirtzinger
estimates there are 200,000 baton
twirlers in the U. S. A., including
high school drum majors. There
is even a directory, "Who's Who
In Baton Twirling." It shows that
about 5,000 twirlers are active
professionally. Benny himself
won the world's championship at
Johnstown, Pa., in 1952 and 1954,
and the national championship in
Chicago in 1954 . . . The art of
baton twirling originated in Siam
with sword brandishing.

THE SHORES OF TRIPOLI

Tripoli is best known to many
Americans because of the Marine
Corps' famous song "From The
Halls of Montezuma To The
Shores of Tripoli." In Tripoli I
saw the ancient citadel where the
Marines were imprisoned when
they stormed the beach during
the war against the Barbary pi-
rates.

But what most Americans don't
know is that the Marines and the
Navy in those early days of the
Republic suffered from exactly
the same trouble that has hurt
the armed forces today—budget-
cutting. Just as the defense bud-
get has been cut to the point of
jeopardizing the missile program,
so the Navy in 1801 was starved
by an economizing Congress.

Therefore, when Thomas Jef-
ferson declared war on the pasha
of Tripoli after he cut the flag
from the American consulate in
protest against the bigger tribute
paid to Tunis, the Navy found it-
self undermanned. To make up
for this, a Lieutenant Somers
of the Marine Corps sailed the ketch
Intrepid, loaded with bombs and
powder, into the midst of the Bar-
bary and get away before the
ship exploded.

But a snafu developed, the
ketch blew up too soon, Somers
and his men were lost or captur-
ed.

Tripoli, since then, has been
under various foreign rulers, now
is the chief city of independent
Libya. But the graves of the Ma-
rines are still to be seen on the

Expect College Enrollments to Hit 3,460,000 Mark

WASHINGTON — College en-
rollments are expected to hit an
all-time high of 3,460,000 students
when the second semester opens
next month.

This would be an increase of
392,000 over the record fall en-
rollment of 3,068,000.

Lawrence G. Derthick, U. S.
commissioner of education, said
fall enrollments in 1,890 colleges
and universities showed a 4.1 per
cent increase over 1956.

He also said enrollments have
increased 45 per cent since 1951,
the lowest total since World War
II. This compares with an in-
crease of only about 2 per cent
during the same period in the
number of persons 18 to 21 years
old.

Church Asks Unity

LONDON — The Russian Or-
thodox Church appealed to reli-
gious leaders the world over today
to strengthen Christian unity and
work for world peace.

The appeal, broadcast by Mos-
cow Radio, came in a New Year's
message signed by Patriarch Alex-
ius of Moscow and other leaders
of the church. It said the Russians
were alarmed "that the threat of
a new war continues to keep all
nations in a state of profound
alarm every day."

Susannah Wesley Class Holds Christmas Party

The Susannah Wesley Sunday school class held its Christmas party in the home of Mrs. Mitchell Golish, Dec. 19. The home was decorated for the Christmas season and was much admired by the guests. Mrs. Nelson Pankey, new president of the class, presided and Mrs. John Schwartz opened the meeting with a prayer, followed by the devotion taken from the second chapter of Luke, relating the Christmas story. The class project this year for the Christmas season was the filling of baskets with candy and fruit and an individual gift for each resident at the nursing home on Church street and those at the County farm. The report on this project was given at the meeting.

Christmas gifts were exchanged among the members during the social hour and refreshments were served by the hostess assisted by Mrs. Morris Skaggs.

Others present at the meeting were: Mrs. Coy Brown, Mrs. Walter Coker, Mrs. Ed W. Cummins, Mrs. Charles Gilliam, Mrs. Archie Ledbetter, Mrs. Ward Ozmert, Mrs. Edna Cox, Mrs. Virginia Leberman Pritchard, Mrs. Eleanor Blades, Miss Lola Robbs and Miss Hannelore Gaertner.

Mr. and Mrs. Jack Lasersohn's Daughter Christened in Harrisburg

Mr. and Mrs. Jack Lasersohn's daughter, Jill Ann, was christened in the First Methodist church in Harrisburg Sunday. Mr. and Mrs. Lasersohn and Jill Ann returned to Chicago today where Mr. Lasersohn is a senior in the University of Illinois Medical school.

The family had been in Harrisburg visiting Jack's parents, Mr. and Mrs. Eli Lasersohn, 112 West Walnut street, during the Christmas holidays.

Atty. K. C. Ronalds and Mrs. Ronalds returned Sunday from Chicago where they spent the holidays with their daughters, Mrs. Marjorie Schwab and Mrs. Lewis Barnes.

Robber Relents

SAN ANTONIO, Tex. (AP)—Christmas spirit apparently had its telling effects on a bandit here Wednesday.

Mrs. Marguerite Plummer, a junior high school history teacher, notified police the saving bonds someone had stolen from her Monday were returned in a strongbox to the home of a neighbor.

ENGAGED—Mr. and Mrs. William H. Dunn, 508 West Lincoln street, Harrisburg, are announcing the engagement of their daughter, Miss Virginia Lee Dunn, to Robert I. Luckett, son of Mr. and Mrs. Louis Luckett, Ridgeway. Wedding plans are indefinite. (Foster Studio Photo)

Olney Woman To Observe Her 108th Birthday

OLNEY, Ill. (AP)—Mrs. Louise Godejohann, who has no theories on longevity, will observe her 108th birthday next Tuesday as 1957 bows out.

Mrs. Godejohann plans no special observance of her birthday even though she will entertain many of her friends and relatives at her home where she has celebrated her last 84 birthdays.

Still keen and alert even though her eyesight and hearing have failed in recent years Mrs. Godejohann still reads the headlines in the Olney Daily Mail.

Mrs. Lulu Norby, the only surviving member of the Godejohann family of four children, lives here with her mother.

Mrs. Godejohann was born in St. Louis on Dec. 31, 1849. Her maiden name was Louise Lubben.

She married William Godejohann at Fayetteville, Ill., in 1871 and they lived in Belleville until moving to Olney in 1873.

Her husband, manufacturer of the once famous "Sam Hill" cigar, died in 1920.

Among Mrs. Godejohann's most prized possessions are birthday greetings from President Eisenhower and former President Truman. She received one each year since her 100th birthday.

Biggest Little Stories of the Year

By DOC QUIGG

United Press Staff Correspondent
NEW YORK (AP)—The biggest little stories of the year: (sorted and classified for history's long run):

Genius

In January, in Knoxville, Tenn., the FBI had to step in and capture escaped convict Robert Husky. He had made good his escape from a state prison by pouring disinfectant on his feet. The bloodhounds turned up their noses at his trail and walked off the job.

Modernity

In February, in Los Angeles, Jerry A. Prod, 19, was arrested for shaving—while driving. The cop said Prod was hurrying to work trying to steer his car while using an electric razor.

Fortitude

In March, in Frie-Comte-Robert, France, Auguste Ibricelle won a bet of a bottle of champagne by gulping more than four gallons of fresh clams in less than an hour. Then he drank the champagne.

Mail Call

In April, in Memphis, Tenn., a letter to a penal farm inmate was returned to the post office stamped, "escaped." The post office returned it to the sender stamped: "Moved. Left no forwarding address."

Domesticity

In May, in Los Angeles, Mrs. Robert Biggs got a divorce on the ground that she was lonely. Her husband owned a burlesque theater.

Invention

In June, in Crawley, Calif., farmer W. I. Fifield reported that a helicopter landed in his watermelon patch, the pilot jumped out, grabbed three melons, jumped back in, took off.

Medicine

In July, in Tokyo, doctors pondered the case of the woman who was allergic to her husband. A top dermatologist flown from the U. S. to investigate the case reported only: "Whenever her husband would come near her she...

Fewer Wood Fires In Area in '57

BENTON, Ill. (AP)—A district forester at Benton says there have been fewer wood fires in southern Illinois this year than anytime in the last five years.

Martin Anderson, whose district embraces 12 counties, said there were 73 fires which burned a total of 775 acres. The acreage is the second lowest in five years.

Last year seven large fires burned a total of 4,000 acres. This year's only serious wood fire burned 500 acres in the Big Muddy River bottoms in Jefferson County.

More than average rainfall during the year helped keep down the damage plus the work of twelve rural fire departments and city departments.

Outrageous Fortune

In September, in Pacoima, Calif., Mrs. Virginia Schoen, 34—who six months earlier had been rescued by the fire department when her hands got caught in a non-functioning garbage machine—did it again. Barefoot, she tried to kick shut the refrigerator door, got her big toe caught in the hole left by a removed broken handle, got rescued by the same F. D.

Philosophy

In October, in San Diego, bartender Pat Freeman unveiled a "Sputnik Cocktail" designed for engineers working at nearby missile plants. Ingredients: Vodka and the juice of sour grapes.

The Military

Again October, in London, it was disclosed in Parliament that Britain has an enormous military stockpile—of "pants, woolen, long" for the Women's Royal Army Corps—enough surplus women's long underwear to last the corps 800 years.

Identification

In November, in St. Paul, Minn., a son was born to Mr. and Mrs. Samuel Watkins and named Sputnik Eisenhower Watkins.

Expect 200,000 Aliens to Register During January

District Director Robert H. Robinson of the Immigration and Naturalization Service estimated today that approximately 200,000 aliens will report their address in the State of Illinois during January under the Federal Alien Address Report Program.

The Immigration official said that 184,940 aliens reported their address, in Illinois, during January 1957.

Mr. Robinson said that all non-citizens, except those in diplomatic status, foreign representatives of certain international organizations and those admitted temporarily as agricultural laborers, are required to file the address report.

He added that any alien who willfully violates the address report requirement may be fined up to \$200, imprisoned for 30 days, and deported.

In addition, aliens who are not sure must report their address to the Service within 10 days after their return.

The District Director said that address report cards will be available at the Immigration Service office at Post Office Building, Chicago, and local United States post offices beginning January 1, 1958.

Statisticians envision a U. S. population of 178,500,000 by the time of the 1960 census.

Matter of FACT
In the winter of 1870, a man crossed the prairies of Manitoba by dog sled—the only means possible at the time. He was out to gain control of the St. Paul and Pacific Railroad, described at the time as "two streaks of rust and the right of way." Thirty years later, that same man, James J. Hill, controlled all the great railways of the Northwest: the Great Northern (the reincarnation of the St. Paul and Pacific), the Northern Pacific and the Chicago, Burlington and Quincy. He gave himself the title "Empire Builder."

Zuppke Leaves Estate of More Than \$400,000

URBANA, Ill. (UP) — Former Illinois Coach Bob Zuppke's will disclosed an estate in excess of \$400,000 today and revealed the "Little Dutchman" was something of a wizard at finance as well as football.

"Zup" left the bulk of his estate in trust to his widow, with \$50,000 to go eventually to the University of Illinois which he served as football coach from 1913 until he retired in 1941.

Zuppke, 78, died Dec. 22. He is survived by his widow, Mrs. Leona Ray Zuppke, who was his housekeeper for more than 20 years before they were married in 1936. Zuppke's first wife died in 1938. He had no children.

Zuppke's salary when he started as coach at Illinois was \$2,400 a year, and it never topped \$15,000. But his will, filed in Champaign County Court here today, listed assets, mostly in the form of securities, which his lawyer, James Capel, said would exceed \$400,000.

Zuppke's investment counselor, Burton C. Hurd, said Zup "was not a speculator, but a man of patience as far as investments were concerned. He had a fundamental belief in the growth of America and this belief made him courageous as far as investments were concerned."

Eventually the bulk of the estate will go to five nieces and nephews. Zuppke left all his household goods, his paintings, his trophies and his apartment to his widow.

He left \$5,000 each to five nieces and nephews—Francene C. Morse, Minneapolis, Minn., Robert E. Zuppke, Minneapolis, Minn., Paul F. Zuppke, Minneapolis, Minn., Dorothy Heck, Whittier, Calif., and Mary J. Lake, Grand Junction, Colo.

He also bequeathed \$5,000 to Hurd, and \$1,000 each to Fred Jackson, an old friend of North Muskegon, Mich., the Cunningham Children's Home of Urbana, the McKinley Memorial YMCA of Champaign, the Emmanuel Memorial Episcopal Church of Champaign, the First Presbyterian Church of Champaign, the Family Service Organization of Champaign County, and the Sanctuary of Effingham, Ill.

After these specific requests, the will provided that the rest of the estate be held in trust for Zuppke's widow, with Hurd as trustee, and that during his wife's lifetime the income from the estate go to her.

Upon his widow's death the will provided that the trust terminate and the \$50,000 bequest go to the University of Illinois Foundation. Also after Mrs. Zuppke's death, he will directed that \$10,000 be given to each the American Cancer Society, the American Heart Assn., and the Illinois chapter of the Arthritis and Rheumatism Foundation.

After these bequests are made, the rest of the state is to be divided among his nephews and nieces.

Macomb Man to Direct Toll Highway State Police Group

CHICAGO (UP)—Lt. Albert S. Hines of Macomb will assume a captaincy and a new job with the Illinois state highway police Jan. 1.

Hines, a veteran of eight years on the force, will direct 100 men in the newly created toll highway detachment of the state police. Costs of the detachment are to be borne by the Toll Commission, not the public treasury, according to Charles L. Dearing, executive director of the commission.

Hines has had special police training at the FBI academy in Washington, D. C., and at the Southern Police Institute at Louisville, Ky.

Chinese Sells Bride; Loses \$7 on Deal

TAIPEI, Formosa (UP)—A Chinese sold his bride of five months to a farmer for \$23 and lost \$7 on the transaction, according to press reports today.

The newspapers said Cheng Yun-Tien, 48, married Miss Peng Chiu-mei of Chungtung last July after paying the equivalent of \$30 to her father as a betrothal gift.

According to a suit filed by the father, Cheng not only sold his bride for \$23 but personally delivered her to the district court for the second marriage ceremony.

Boy Burns to Death When Parents' Auto Struck from Rear

ST. LOUIS (UP)—Larry Joseph Lowe, 7, was burned to death and his parents and two other children were injured late Saturday when their car was struck from behind and burst into flames.

The boy was trapped in the rear seat. His parents, Mr. and Mrs. Lawrence Lowe, and Richard, 5, and Carolyn, 10, Bellefontaine, were hospitalized with burns.

Police said the Lowe car was stopped on U. S. 67 to make a left-hand turn when it was struck from the rear by a car driven by Johnnie Strange, 17, St. Louis. Strange suffered minor injuries.

Herrin State Trooper Heads Shawnee Division

DU QUOIN, Ill. (UP)—A state trooper from Herrin has been elected chairman of the Shawnee division of the Illinois Police Assn.

Elected to a two-year term at Du Quoin Friday night was Sam Garnati, who has headed the division since its origin 10 months ago. Police Chief Charles Edwards of Marion was named vice chairman, Police Chief Frank Clifford of Cairo, sergeant-at-arms, and Captain Louis Lence of the Menard Prison Guard, secretary-treasurer.

The Shawnee division embraces 17 southern Illinois counties.

Flood Waters Begin Receding in Southern Illinois

CARMI, Ill. (UP)—Floodwaters in southern Illinois began receding late Sunday, but authorities said it will be two weeks before some of the 50 families evacuated from their homes can return.

About 40 families and two business establishments were flooded out at Carmi where the Little Wabash River crested Sunday at 34.7 feet, its highest level since 1950.

About eight families were forced to flee their homes at Mount Carmel and another 50 homes were surrounded by floodwaters from the Wabash River. The Wabash dropped about four-hundredths of a foot Sunday.

Pickering Named Visiting Lecturer At U. of Virginia

John L. Pickering, former Harrisburg resident and now a member of a large law firm in Washington, D. C., has accepted appointment as visiting lecturer to the Law School at the University of Virginia, his father, J. L. Pickering of Harrisburg, has revealed.

Mr. and Mrs. Pickering visited their son over Christmas and Mrs. Pickering remained for a longer visit.

Mr. Pickering will lecture in a special course in oil and gas laws to be offered next semester.

Mr. Pickering is a partner in the firm of Wilmer and Brown in Washington and has practiced extensively in oil and gas matters in both federal and state courts and before numerous administrative agencies.

After graduating from Harrisburg Township high school he received his A. B. and J. D. degrees at the University of Michigan, where he was a member of Phi Beta Kappa.

Maxwell Jackson, 47, Found Dead in His Home at Ridgway

Maxwell Jackson, 47, was found dead at his home in Ridgway at 7 a. m. Sunday. He lived alone and apparently was smoking in bed and was suffocated. He is survived by his sister, Mrs. Irene Linda Fairfield, and his brother, Walter Jackson, Whittington, Ind.

Funeral services will be held in the Cox funeral chapel in Ridgway at 2 p. m. Tuesday and burial will be in the Pin Oaks cemetery at Simms.

Accepted for Entrance Into College of Medicine

John Shepherd, son of Mr. and Mrs. Harley Shepherd of Harrisburg, has been accepted for entrance into the University of Illinois College of Medicine next September. He will receive his bachelor's degree from Southern Illinois University in March.

Sen. Mansfield Sees Slugfest on Aid and Defense

WASHINGTON (UP)—The Senate's second-ranking Democrat has indicated that the Eisenhower administration faces some rough treatment in the coming session of Congress over its handling of foreign policy and national defense.

Sen. Mike Mansfield (D-Mont.), assistant Senate Democratic leader, made use of a television interview Sunday to attack the administration record in those fields.

He included President Eisenhower in his criticism by saying the President "ought to exercise more aggressive leadership" in foreign policy.

Interviewed on NBC's television program "Meet the Press," Mansfield challenged a White House assertion that the United States "at this time" is not militarily weak when compared with the Soviet Union.

Presidential Press Secretary James C. Hagerty said at Gettysburg Saturday that some newspaper accounts of the so-called Gaiher report have given a false impression that this nation is in a weak military position.

Hagerty said the report "says just the opposite."

But Mansfield said Hagerty's remark is "open to serious question." In fact, he said, he thinks this nation has been "out-manuevered, out-witted and possibly out-flanked by the Soviet Union."

The Montana Democrat, a member of the Senate Foreign Relations Committee, demanded "new ideas and new policies" for U. S. foreign aid.

He charged that the administration was still operating with "old Democratic policies which many of us have felt have outlived their usefulness."

Approve Plan to Expand Scientific Education

(Continued From Page One)

in all fields of study, but preference would be given to high school students with "good preparation" in science and mathematics.

Keep Better Teachers

—Provision of 1,000 federal graduate fellowships for the first year and 1,500 fellowships annually for the succeeding three years to encourage more able college students to prepare for college teaching careers. Graduate schools also could receive direct federal grants up to \$125,000 a year to help meet the cost of expanding their capacity, provided the school itself matched the federal contribution.

—A 50-50 matching fund with the states to help states and local school systems obtain and keep more and better science and mathematics teachers.

—Federal financial assistance for the establishment and operation of training centers to increase the output of foreign language teachers, particularly in the languages of Asia, Africa and the Near East.

—An increase of 64 1/2 million dollars in the budget of the National Science Foundation for programs to improve the quality of research, training and teaching in the sciences.

Rites at Eldorado For Charley Cutrell

Funeral services will be held today at 2 p. m. in the chapel of the Martin funeral home at Eldorado for Charley Cutrell, 76, who died of a heart attack at his home at 1015 Union street, in Eldorado, Saturday at 10 a. m. The Rev. V. B. Raines, pastor of the Church of God in Eldorado, will officiate.

Mr. Cutrell, a retired farmer, is survived by his wife, Mrs. Mary Cutrell; two stepdaughters, Mrs. Mamie Temecall, Mount Vernon, Ill., and Mrs. Maggie Hunter of Eldorado, and four grandchildren.

The body is at Martin funeral home.

15 Per Cent of U. I. Students are Married

URBANA-CHAMPAIGN, Ill. — Fifteen per cent of undergraduate students on the University of Illinois campus here are married, according to data just compiled. Figures range from 4 per cent of freshmen to 29 per cent of seniors.

Among advanced students in the Graduate College, 52 per cent are married; of law students, 39 per cent; and in veterinary medicine, 47 per cent.

Fifty-seven per cent of veterans are married.

Thinking It Over

By Robert L. Dieffenbacher, D.D. (Written for NEA Service)

The custom of having a candle burning in the window during the nights between Christmas and the coming of the New Year is still maintained by some people. This light was of more significance when the candle did not have to compete with automobile headlights, street lights and brightly lighted homes.

Yet the warm glow of the candle reaches out across the wastes of spiritual deserts. Many a wanderer can find his direction by the light of a soul "on fire" for Christ. The candle burns as a symbol of a light within Christ's followers which sheds its glow beyond the limits of material illumination.

We must keep the light of Christ burning in the windows of our eyes so that others may find the way which leads to peace.

Gray Warns U.S. Must Preserve Domestic Plans

Congressman Kenneth J. Gray (D) Illinois told a large audience gathered at Anna Saturday night to mark former President Woodrow Wilson's 101st birth anniversary that "we run the risk of the communists dominating the United States without firing a shot if we allow ourselves to be bankrupt economically while spending too much for foreign aid at the expense of denying ourselves badly needed domestic programs."

He said that America carved herself out of the wilderness in a short period of time because of her great natural resources, divine guidance and the determination of the people to make progress. He warned that current talk of deferring many programs such as water resources development, flood control works, navigation, urban renewal development, public building construction, highways and other public works improvements in this country would do more damage in the long run than the misfiring of a satellite or missile.

Gray said, "if we are to remain the leader of the free world we must be strong economically as well as militarily. To do that we must keep pace with the needs of a growing population."

The Southern Illinois Congressman said he is for a strong National Defense, however, he feels the 40 billion defense budget will have some "water wrung from it" by the Congress and he is hopeful that those savings can be applied to needed domestic programs. Otherwise, he said, we face a year of increased unemployment and underdevelopment.

Gray is a Majority member of the House Committee on Public Works. He was principal speaker at the Woodrow Wilson Memorial banquet in Anna, the only city in the United States to hold an annual dinner in honor of the 28th President of the United States.

Army to Build Sites for Nikes

WASHINGTON (UP)—The Army plans to spend 22 million dollars to build sites for Nike-Hercules anti-aircraft weapons near five cities in the Midwest and Southwest.

The cities are St. Louis and Kan-

City, Mo.; Cincinnati, Ohio; Minneapolis-St. Paul, Minn., and Dallas-Fort Worth, Tex.

The Army said Friday the Defense Department approved the apportionment of the funds earlier this week. Work on the sites will

begin shortly and be completed early in 1959, the Army said. The Army normally uses 40 to 50 acres for a Nike-Hercules site.

Between 1934 and 1942, the number of American farms using electricity was doubled, according to the Encyclopedia Britannica.

Rams Win Holiday Tourney Title

Fourth Championship For Mount Vernon; Bull Dogs Lose to Carbondale

The Mt. Vernon Rams, always a good tourney team, today held the Egyptian Holiday basketball championship for the fourth time since the meet was started back in 1950.

The Rams copped the 1957 title by edging West Frankfort, a slight favorite, at Davenport gym here Saturday night by a score of 55 to 52.

The Harrisburg Bull Dogs, not so sharp after their grueling Friday night game against Frankfort, dropped the tilt for third place to the Carbondale Terrers, 69 to 59.

The games were played before a crowded house which displayed lots of enthusiasm.

Rams Consistent
Ram Coach Scott Gill's boys played a consistent game to defeat the Red Birds in the finals. They were never flashy on attack, but made their shots when they needed them and put up a good defense. In workmanlike manner they gradually overcame a West Frankfort lead during the second period and went ahead to stay in the second half. The lead was never big but it was sufficient.

Coach George Lubelt's Red Birds, with big Francis Florian getting five of his eight field goals the first quarter, ran up a 17-14 lead in the opening stanza. They held the lead for the first two and a half minutes of the second period, when Mt. Vernon tied at 19-19, then went ahead at 21-19. Frankfort tied at 21-21 with three minutes left but after the Rams went ahead at 23-21 they stayed out in front the rest of the contest.

Fine work by Vlado Zavich kept the Birds close the last half, the big center making 14 of his 17 points the last two quarters. But timely shooting by Carrodine, Kotter, Changnon and Manion kept Mt. Vernon in front.

Unable to Close Gap
The Bull Dogs, who had played their hearts out in losing to Westfort in the semi-finals, could not get themselves going the first three quarters against Carbondale. They were behind 16-8 at the quarter, 33-15 at halftime and 56-39 at the end of the third period. In the last frame Harrisburg outscored Carbondale 20-13 but could not close the gap.

Harrisburg picked up on free throws after its poor showing in this department the previous night, connecting with 25 out of 35 attempts. Ray Hassett, high scorer for Harrisburg, hit on 15 of 16 tries.

High scorer of this game was Jay Lovelace. Carbondale's remarkable outside shooter who had 32 points. Lovelace had 32

against Eldorado and 15 against Mt. Vernon to give him tourney scoring honors with 79 points in three games.

In this contest Carbondale connected with 22 of 48 field goal attempts for a good 458 shooting percentage. Harrisburg hit on 17 of 56 for 304.

Following the final game, trophies were given the captains of the first, second and third place teams with the tourney ball going to the captain of the fourth place quintet.

Italian Speedboat

Champion Is Killed

MIAMI BEACH — Italian speedboat champion Ezio Selva's pre-race statement "this is my last race" became a prophecy Sunday when his sleek, high-powered hydroplane carried him to instant death in the annual Orange Bowl Regatta's International Grand Prix.

The cheers of a crowd of 20,000, including Selva's 20-year-old son, turned to horrified screams as the 56-year-old driver's 800 kilogram Moschetti made a daring run for the lead then went into a crazy death dance on Biscayne Bay directly in front of the judges' stand.

Herrin Coasts to Championship at Centralia; Drops Alleman, 74-37

Tigers Tounce Champaign, 83-42, In Semifinals

Herrin's defending state champion Tigers today owned the Centralia holiday tournament crown that eluded them last season and a better record than they had at this point last season when they went all the way to the state title.

Herrin coasted to the Centralia championship and its 10th and 11th straight victories Saturday by swamping Champaign 83-42 in the semifinals and Rock Island Alleman 74-37 in the final.

Last season the Tigers lost by one point to Collinsville at Centralia but went on to avenge the defeat in the state title game.

Champaign squeaked by Belleville 60-58 for third place at Centralia.

Lions Rout Browns, 59-14, For Pro Title

DETROIT — Abandoned by a coach who called them "dead" just four and a half months ago, the Detroit Lions' bested bad fortune's every obstacle to finish with a 59-14 rout of the Cleveland Browns Sunday for the National Football League championship.

Quarterback Tobin Rote, adding lustre to the year's top football trade—the swap that brought him from Green Bay in July—faultlessly led the Lions to their astonishing victory.

Rote rifled four touchdown passes and scored once himself. In one second half stretch, Rote completed seven straight passes, three of them for touchdowns.

Junker Scores Twice

Rookie end Steve Junker, who didn't want to be drafted by Detroit because he didn't think he'd make the team, grabbed two scoring aeriels and gained 109 yards on five passes.

Fullback John Henry Johnson, former San Francisco Forty-Niner, and a key mar in the title drive, turned in a superb job of blocking while Rote picked out the receivers.

The Lion defense, headed by captain Joe Schmidt, continually spotted the Browns' plays and pierced the defense, causing five pass interceptions and recovering two Browns' fumbles.

The Janslide was a fitting end to one of the dizziest seasons in Detroit football history.

Lions Called Uncoachable
It was a season that started with former coach Buddy Parker labelling the Lions "dead" and "uncoachable" just 48 hours before their first exhibition game.

Blasted 34-14 in the opening regular season game with Baltimore, the Lions then engaged the Colts and San Francisco Forty-Niners in the tightest Western Conference race in history.

Every week there was a "must" game building up to the playoff in San Francisco where Detroit fought back from a 24-7 halftime deficit for a heartstopping 31-27 victory.

Meanwhile, the Browns had it comparatively easy, clinching the Eastern title Dec. 7.

Injuries Threaten Navy, Oklahoma

Tennessee Wins Gator Bowl; West Whips East, 27-13; Gray Edges Blue

By United Press

The fortunes of Navy and Oklahoma were threatened by injuries today as eight of the nation's top college football teams put the finishing touches on preparations for New Year's Day bowl assignments.

Navy, a one point favorite over Rice in the Cotton Bowl, learned it may be without the services of first-string guard Tony Stremic while Oklahoma added tackle Jerry Thompson to an injury list that already included quarterback Carl Dodd. Oklahoma is a 10 point choice over Duke in the Orange Bowl.

Stremic was injured late Saturday when 235-pound tackle Bob Reitsnyder accidentally kicked him on the shinbone during a workout. X-rays revealed no fracture but coach Eddie Erdelatz listed him as "doubtful starter."

Thompson Aggravates Injury

Thompson aggravated an ankle injury that hobbled him for a month while Dodd has an ankle sprain. Oklahoma coach Bud Wilkinson said he wouldn't know whether either could play until after

Monday's practice although both players insisted they'd "give it a try."

Oregon, already a 19-point underdog to national champion Ohio State in the Rose Bowl also was casting anxious eyes toward the infirmiry. Guard Joe Schaffel and end Pete Welch are ailing and coach Len Casanova lists both as "unlikely starters."

Ohio State, meanwhile, got the news that ace halfback Don Clark will be able to play against Oregon although coach Woody Hayes said he would not be in the starting lineup.

There was no let up for any of the eight squads Sunday as the big date neared. All worked out at least briefly and Duke and Oregon went through extra-hard workouts.

Two Underdogs Win

The New Year's Day underdogs all were buoyed by Saturday's results which saw two underdogs win. Tennessee, a two-point underdog, shaded Texas A&M, 3-0, in the Gator Bowl, the West, a seven point underdog, whipped the East,

27-13, in the Shrine Bowl and the Gray shaded the Blue, 21-20, in a pick 'em contest.

Sammy Burklow, who hadn't kicked a single field goal all season but made 15 of 17 conversions, booted the decisive three-pointer with a little more than five minutes to play to break up a tight defensive battle between Tennessee and Texas A&M. Bobby Gordon co-starred with Burklow, carrying the ball 32 times and setting up the field goal with his running. The Volunteers kept 210-pound John Crow, player of the year, pretty much in check.

Gerald Nesbitt, hard-hitting fullback from Arkansas, scored three touchdowns to lead the West to its surprisingly easy victory over the favored East. The East ground attack was bogged down from the start and only a 63-yard punt run-back by Bob Mitchell of Illinois saved it from being shut out in the first half.

Ken Ford of Hardin-Simmons completed 12 of 23 passes for 185 yards to spark the Gray to its 13th victory in 19 meetings with the Blue.
